

CATIS

CERTIFIED ASSISTIVE TECHNOLOGY INSTRUCTIONAL SPECIALIST FOR INDIVIDUALS WITH VISUAL IMPAIRMENTS

Would you like to make a significant difference in the lives of individuals by teaching adaptive and assistive technologies?

Become a CATIS

- Worldwide opportunities for job placement
- Work 1:1 with individuals of all ages
- Impact lives by teaching skills that increase independence

How to Begin

For information on the eligibility requirements needed to become a CATIS, visit www.acvrep.org/certifications/catis

Where a CATIS may work

- Public, charter, and residential schools
- State and rehabilitation agencies
- U.S. Department of Veterans Affairs
- Centers for Independent Living
- Community-based services
- Private contract in a variety of settings

What might a CATIS do?

- Determine what types of **technology** an individual might need
- **Teach** individuals how to use tools like screen readers, magnification devices, braille displays, and phone or tablet apps
- Change or adjust technology to best **meet the needs** for individuals at school, work, or home
- **Stay current** on programs and products
- **Recommend strategies** for digital inclusion and accessibility
- **Collaborate** with teachers, rehabilitation professionals, employers, and families to use technology effectively in various settings
